AMA CHAPTER 172, CIRCA 1960,
FAIRFIELD CA

January 2011 Issue 1

<http://www.vacavalleyrc.com>

The Pres Says.....

Happy New Year fellow club members.

I hope you all had a merry Christmas, mine was great.

The club Christmas party was not as well attended as in previous years, but nevertheless a good time was had by all that attended. Many thanks to Rich Hartwig for his efforts in putting

together the party. The raffle was outstanding, lots of good prizes (which I didn't get any ofDARN IT!!).

Many thanks to Jim Adams, Oren Redsun and Skippy Keiter for obtaining the raffle prizes.

The election for the club officers was held at the party and the results are: myself for President, Scott Rowland for Vice-

President. I would like to thank Oren, Secretary and Jason for volunteering to stay on as Treasurer for the club.

I think that club events can help build comradre ship among the membership. However, the events for last year were not well attended at all. So I feel a change is in order. I want to pass on some plans for future events. I would like the January meeting to be well attended, so that we all have a chance to put all our ideas out there. So PLEASE attend the January meeting.

As a reminder the 2011 dues will have a late charge of

\$10 applied after February 15th, 2011. So RENEW NOW.

There will be a new gate combo applied February 19th.

Signing off....

Monty "crash & burn" Welch

Secretaries' Column Oren Redsun

I want to thank everyone in the Club for trusting me for another year to bring you all the great news for our Club. I look forward to another great year of flying.

Sorry this Newsletter is late I had some very important stuff to do. I had to take my son to see old and new airplanes. Then I just had to go to the AMA Expo. That was a busy weekend and I have some neat memories. See the Pictures later in this Newsletter.

The AMA expo was a neat experience, I was able to see some new stuff coming out and talk to some of the

vendors and makers of some of the newest models.

See you at the field SOON
Oren

A Martin Top Turret Assembly basically complete. Want to read about it?

These are some pictures from Everett Washington, Home of the 747 and 777 and now 787... They don't allow pictures in the assembly plant. But outside you will see some 787's and Dreamlifters.
